Nature Loo Alectura, Clivus Multrum High Profile, CM8 and CM14

Components

Collection Well

Compost Chamber

Control Box

Wiring Instructions

19mm Return fittings

25mm Lilac sillage hose

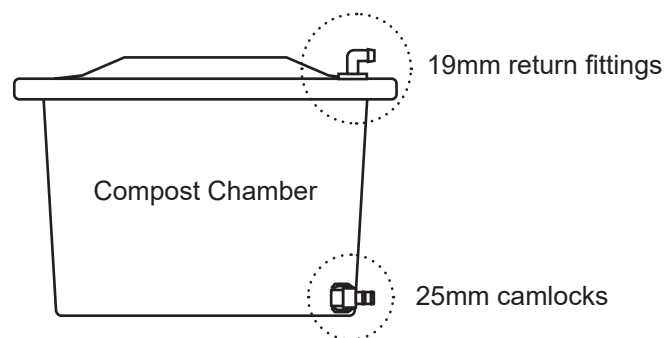

19mm Spiral flex hose

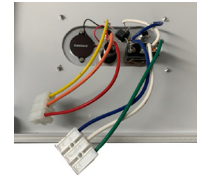

Step 1: Cut a Ø35mm hole into the lid of your 'in-service' compost chamber (if not already pre-installed).

Fit the 19mm return fittings to chamber lid.

Fit the 25mm camlocks to the liquid outlet of your compost chamber.

Step 2: Remove lid from control box.

Step 3: Connect marked wires to control box as per wiring diagram provided.
